Subject: RE: IMC Draft agenda for Thursday - thoughts?
Attachments: IRIS Dashboard_11.10.16.xlsx

Flag: Follow up

We should talk to Samantha, because she wants to discuss the IRIS Handbook (which is nearing completion apparently). She wants to discuss coming to an NCEA-wide consensus on the document from all the DDs and then pushing it forward to the IOAA for review.

I've attached a dashboard to this email. It includes a schedule for the Handbook, based off of an earlier conversation with Samantha. She never commented on the schedule, but it is something for people to respond to, so I am including it here.

Subject: IMC Draft agenda for Thursday - thoughts?

Hi – here is the agenda I had from last week. I've attached an updated staffing matrix. The action items from the last meeting are below. I know Samantha was working on notes from the last protocol meeting we had a few months ago on the protocols...I'll touch base with her if you want. You might want to change the order of the items on the agenda. Mary might want a few minutes to follow up on the project management division directors meeting we are doing today.

(Dahnish – can you attach the latest dashboard?)

1. Previous action items
2. Updated staffing matrix (Andrew removed, new hires added)
 - a. Discuss PCBs (epi)
 - b. Discuss phthalates (co-lead for the team, co-managers)?
 - c. Staffing conflicts
3. Epi WG – new co-leads?
4. Protocols/systematic review
5. Dashboard

Current Action items

Ex. 5 Deliberative Process (DP)
